- **Primary Care, Pediatric, Family Practice, Internal Medicine, Psychiatry or Emergency Medicine Residency Programs**
- **Undergraduate or Graduate Social Work, Psychology or Professional Counseling Programs**

While this half day program is important for trainees and students entering into professional health fields, licensed professionals who are either working active clinicians, researchers or those working in an educational environment may also attend. The fee for professionals who register for this half-day symposium is \$50 and continuing education credits will be available.

This year's **Kevin's Song Conference on Suicide: Building Bridges to a Better Tomorrow** will offer the first Professional Trainee and Student Symposium on Suicide - an intense half-day course on suicide risk factors, prevention and treatment. Professional trainees and students will be provided with basic but crucial information in regards to identifying and working with people at risk for suicide, in line with healthcare regulatory standards, such as The Joint Commission's National Patient Safety Goal for Suicide Prevention.
